ABOUT DARE TO CARE

Dare to Care was founded in 1999 to address the pervasive and crippling impact that bullying continues to have on children, youth and adults to this day. In 2019 this program expanded to the sports sector where it has made a meaningful, immediate and lasting impact. Today Dare to Care is the most practical and comprehensive bully prevention program in Canada. **This proven and award-winning program has worked with more than one million participants across Canada** and continues to create communities where bullying behaviour is unacceptable

and kindness becomes the dominant force. Through emphasizing topics of Safe Sport and Diversity, Equity and Inclusion, Dare to Care is creating a lasting impact in the Canadian sports landscape and beyond.

At Dare to Care we understand that in order for change to happen, **ALL** stakeholders within a sporting organization must be involved. Dare to Care offers workshops for the following key stakeholder groups:
