

# Indicators of quality sport and physical activity for young people

Sport New Zealand's vision is to enrich and inspire the lives of young people by creating a lifelong love of sport and being physically active. They believe that quality support, opportunities and experiences are vital to achieve this.

They encourage all organisations involved in sport and physical activity for young people to explore what quality means to them. The following indicators can be used as a starting point for a facilitated conversation with young people, sports organisations, local authorities and schools – in fact any person or organisation likely to impact on the sport and physical activity experiences of young people.

## What does quality look like?

Advancing quality sport and active recreation in Edmonton. For more information and/or resources, visit [www.edmontonsport.com](http://www.edmontonsport.com)
